The Nottinghamshire and Derbyshire Energy Efficiency Advice Centre presents your guide to grants, discounts and sources of information for making your home more energy efficient. We are an independent advice centre, funded by the Energy Saving Trust, working in partnership with all the Local Authorities in Nottinghamshire and Derbyshire. We provide free and impartial advice on all aspects of saving energy in your home.

Working with

energy saving trust™

**Nottinghamshire & Derbyshire
Local Authorities Energy Partnership**

This information is for residents of Nottinghamshire and Derbyshire. If you don't live in either of these counties you can get similar information for your area by calling 0800 512 012.

<p>DISCOUNTED BOILERS AND HEATING CONTROLS</p> <p>0800 512 012</p>	<p>Boilers bought through the Magic Boiler Scheme start at the discounted price of £485.95 inc VAT (not including installation) with £20 cash-back on top of discount. Choose from Worcester, Vaillant, Baxi-Potterton, Alpha, Ideal, Vokera, Ariston, Viessmann and Glow-worm boiler models using natural gas, LPG or oil. With all boilers being 'A' rated condensing type (to comply with new building regulations) they're all over 90% efficient. Danfoss heating controls also available through the scheme at a discount.</p>
<p>SOLID WALL INSULATION</p> <p>0800 512 012</p>	<p>For properties without cavity walls you can insulate internally using a product called Sempatap. A foam wall covering, 10mm thick supplied in rolls and put up like wallpaper. Call us about the Magic Wall Scheme for a 20% discount!</p>
<p>RADIATOR PANELS</p> <p>0800 512 012</p>	<p>Reflective panels are easily fitted behind your radiators to reflect more heat into the room. Cost less than £5 per radiator to fit and could reduce your heating bills by 10%</p>
<p>WARM FRONT</p> <p>0800 316 6011</p>	<p>Government grants for those on qualifying benefits. If you own your own home or rent it from a private landlord then you can apply for a grant up to £2700 to pay for 'warm improvements' i.e. insulation and changes to your heating system (grant is £4000 if oil central heating is involved).</p>
<p>WARM FRONT £300 REBATE</p> <p>0800 316 6012</p>	<p>If you are over 60 but don't qualify for the main Warm Front grant, you can still get a £300 rebate off the cost of installing central heating, or repairing/ replacing a broken central heating system. You must own or privately rent your home and you must have no heating system or one that is inoperable. The work must be carried out by an installer who is registered on the scheme.</p>
<p>HOME ENERGY CHECK</p> <p>0800 512 012</p>	<p>Complete our "Home Energy Check" questionnaire to receive a written report with personalised tips for saving energy and money. Complete online www.est.org.uk/check.</p>
<p>EVERYBODY'S TALKING ABOUT CLIMATE CHANGE</p> <p>0800 512 012</p>	<p>Ever wondered about climate change and what you could do personally to help us avoid the predicted climate chaos? Everybody's Talking is a local public awareness campaign, supported by DEFRA.</p> <p>For practical tips and to make a pledge visit our website www.everybodys-talking.org</p>

<p>RENEWABLE ENERGY</p> <p>MICRO-GENERATION</p> <p>0800 512 012</p>	<p>Homeowners, communities or developers can apply for grants of varying amounts through the Low Carbon Buildings Programme. Grants are for all types of renewable micro-generation technologies (i.e. solar photovoltaic, wind turbines, small hydro, solar thermal hot water, ground/water/air source heat pump, bio-energy, renewable CHP, micro CHP, fuel cell). For more information go to www.lowcarbonbuildings.org.uk</p>
<p>SOLAR HOT WATER SYSTEMS</p>	<p>Local firms that install solar thermal hot water systems in Nottinghamshire & Derbyshire include:</p> <p>SUNGAIN 0115 985 9057(www.nottenergy.com) Energy Advice UK 0800 023 1383</p>
<p>ENCRAFT</p> <p>01926 312 159</p>	<p>Encraft are providers of independent, impartial, professional energy evaluations for your property. This includes detailed advice on low carbon technology options www.encraft.co.uk</p>
<p>EBICO</p> <p>0800 458 7689</p>	<p>Get your gas/electricity from an ethical not-for-profit company. You can offset your carbon emissions at the same time! For more information go to www.ebico.co.uk</p>
<p>STAY WARM (E.ON THE NEW NAME FOR POWERGEN)</p> <p>0800 169 4694</p>	<p>The Stay Warm tariff from E.ON offers fixed price gas and electricity bills. To be eligible you, or someone in your home must be over 60, your home must have 3 bedrooms or less with no more than 4 people living in your home. Your agreed tariff is reviewed annually – after 12 months your new prices will be based on the previous year's usage</p>
<p>ENERGY WATCH</p> <p>0845 906 0708</p>	<p>Energywatch (www.energywatch.org.uk) offer impartial advice on switching energy supplier. They can also help if you have a complaint to make about your supplier. Also for free gas services or help with reading/moving meters ask energywatch for the Priority Service Register. To be eligible you must be of pensionable age, have a disability, long-term ill health or be blind/visually-impaired.</p>
<p>CLEAR FUEL DEBT</p> <p>0800 512 012</p>	<p>There are trust funds that can help you with your energy debts but also with other household bills and costs such as telephone arrears, rent arrears, new household items, bankruptcy deposits etc. The payments are grants, not loans, and do not have to be repaid! Administered by your energy supplier, call us for more information.</p>
<p>NEED MORE?</p> <p>0800 512 012</p>	<p>Call the Nottinghamshire and Derbyshire Energy Efficiency Advice Centre on 0800 512 012 or you can email us: energyadvice@highpeak.gov.uk</p>

All companies listed here are members of the National Insulation Association (NIA) and so subscribe to a code of practice regarding workmanship and customer care.

Call NIA on 01525 383313 or visit www.nationalinsulationassociation.org.uk

Loft Insulation - can save up to £110 on annual heating bills!

(~£30 for top-up only)

- The recommended thickness for loft insulation is 270mm (10.5"). Existing insulation should be topped up to this amount. A layer will need to be laid over the joists in your loft space.
- Works will usually be carried out using glass or mineral fibre insulation products but information on more environmentally friendly loft products such as sheep's wool, and a list of installers is available from **0800 512 012**.
- All loft insulation materials are treated with fire-retardant

Loft insulation can be a D.I.Y. job too!

It may work out cheaper for you to do your own loft insulation especially if you have some up there already. Unfortunately you cannot get a grant for DIY work but look out for half price offers in local DIY stores

Cavity Wall Insulation – can save approximately £90 on annual heating bills!

- Most houses built after 1930 will have cavity walls. New build houses will already be insulated. Please call **0800 512 012** for advice on wall types including insulating solid walls.
- The most common material used is rock or mineral wool. The material is broken down and blown into the cavity using a specialist machine. Foam or polystyrene beads can also be used, in unusually sized cavities.
- All cavity insulation materials are resistant to water penetration and won't transmit water across the cavity or absorb it from below the damp course.
- Work is guaranteed for 25 years by the Cavity Insulation Guarantee Agency (call 01525 853300 or visit www.ciga.co.uk for more information)

Grants for Insulation

December 2007 – January 2008

Free and discounted loft and cavity wall insulation

- **All companies listed over the page will insulate privately owned/rented houses** (landlord's permission required). Several companies **may** be able to insulate council or housing association properties (these are Hillserve, Westville, Energy Advice UK and Scottish Power).
- **All prices are quoted as a guide based on prices for a typical 3 bed semi-detached house.** The actual cost of work depends on the size and type of your property. Funding for these schemes is constantly changing and guide prices are updated regularly. For an up to date list please call us on **0800 512 012**.
- **All companies listed will do a free survey for you.** You'll receive a quote, after which there's no obligation to proceed. Phone numbers are given on the table overleaf, or we can book a survey for those companies listed on page 4.
- **For loft insulation, more funding is available to households with no existing insulation** (i.e. virgin loft). Guide prices quoted for loft insulation are for virgin lofts. The price for topping up your loft insulation will vary.
- **All companies listed will insulate your home for free if you are on qualifying benefits.** The qualifying benefits are: (other conditions may apply)
 - Council tax benefit
 - Housing benefit
 - Income support
 - Child tax credit
 - Working tax credit
 - Income based job seekers allowance
 - State pension credit
 - Attendance allowance
 - Disability living allowance
 - Disablement pension
 - War disablement pension

To book a free survey please phone.

Miller Pattison	£199	£150
Snug-as-a-Bug	£269	£269
Millfold	£249	£249

**Or you can:
Save time by booking a survey now!**

An independent company called Surveying Inspection Services (SIS) can survey on behalf of all insulation contractors and they promise to find you the best deal in your area.

Call us on **0800 512 012** - we'll book you in!

INSULATION IS FREE IF YOU ARE ON QUALIFYING BENEFITS!

If you're on a benefit you can contact any of the companies on this list. They will check your entitlement during the free survey.
Or you can apply for a **Warm Front** grant where you can get up to £2700 for both heating and insulation measures. Call

0800 316 6011
