

service changes

from 1 April 2020

As more and more people follow the most recent government advice and only travel if they absolutely must, we continue to adapt our service levels appropriately.

In this most recent round of changes we have listened to lots of feedback from customers. The majority of requests focused around changes to early morning and evening journeys to help better match shift start and finish times, especially for NHS and distribution centre workers.

On the back of this we have introduced a number of measures where most appropriate, including:

- additional journeys
- extending the span of day we operate
- re-timing journeys
- introducing brand new direct links with hospitals relieving key workers the need to
- changes buses in the city centre

The changes come into effect on 1 April 2020. The brands which have seen changes are listed below and more details on these changes can be found at trentbarton.co.uk/coronavirus.

- the cotgrave
- the keyworth
- mainline
- rainbow one
- red arrow
- the threes
- the two

We will continue to keep our website and social media feeds up to date for the very latest information and changes.

We appreciate your support at this time. Stay safe.

Jeff
managing director
