

# service changes

## from 26 July & 2 August

We are making further improvements to our services to make sure we are here when our customers need us.

The majority of our improvements will focus on frequency enhancements and more buses in the evenings and at weekends. We want to encourage people to take advantage of the re-opening of the wonderful tourist attractions, pubs, cafes and restaurants we have across trentbartonland. We are doing all we can to support our economy and local businesses by providing a clean, safe, reliable and environmentally friendly means of getting around.

We have been keeping a close eye on customer demand levels and have plenty of space on board to allow for appropriate social distancing. We also have numerous measures in place on board to ensure we continue to operate COVID-secure services. We are hugely grateful to our customers who are supporting us by complying with the requirement to wear a face covering on board and using contactless payments where possible.

A summary of the upcoming changes are below.

### from 26 July

-  **red arrow** | Every 20 minutes with hourly evening service.
-  **V3** | Normal Sunday daytime timetable added with last buses at 6.15pm from Derby and 7.15pm from Burton.
