

Cotgrave Country Park & Village

Discover open parkland for walks over rolling hills and along canal towpaths with great views...

Then enjoy the wealth of village amenities that are close by.

Cotgrave Country Park is a great place to get away from it all in a relaxed and open green setting.

The site includes woodland, wetland, lakes and informal grassland. The park is bisected by the disused Nottingham to Grantham canal, which is still in water, and makes a wonderful haven for wildlife as well as a lovely walk.

With around five kilometres of paths and trails, there are plenty of different routes for gentle or brisk walks, jogging, running or cycling. There is also an extensive orienteering course, with the map being available online from the Friends Group website. There are several areas to enjoy a family picnic.

Enjoy the fresh air and exercise...
...then call in at the village for refreshment...

With its hills, lakes, ponds and woodlands Cotgrave Country Park is a great place to visit and explore.

Please use the bins for dog mess and litter and help keep the park tidy for all to enjoy.

Thank you to all the local businesses who have donated to this brochure, the funds go towards the upkeep and improvement of the park.

Cotgrave Country Park is to the North of Cotgrave approximately 5 miles east of Nottingham.

The site was developed by Nottinghamshire County Council from reclaimed land and pit heaps which surrounded the old coalmine which closed in 1993.

We hope you enjoyed your visit.
